WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

NAME

Vladivostok Probable Long Range SAM Launch Complex

25X1A

COUNTRY	GEO COORDINATES	WAC
USSR	43-23N 131-42E	0291
[REDACTED]		

25X1D

Vladivostok Probable Long Range SAM Launch Complex is located at 43-23N 131-42E and approximately 18 nautical miles NW of Vladivostok.

25X1D

The complex was not present on KEYHOLE photography of [REDACTED]. However, at this time some activity was apparent on a road leading into the present location of the complex. This would suggest that site selection or survey work was underway. There was no evidence of activity on [REDACTED].

The complex is in an early stage of construction and consists of 2 launch sites, A and C.

The complex is at an elevation of approximately 400 feet and is oriented in a northeasterly direction.
